

King Santa Will Reign At the House of Bargains

THIS WILL BE HIS CHIEF DISTRIBUTING DEPOT.

He will establish his court here, because he is convinced that Lindsay's affords the best possible source of supply. Here in his great domain are:

Over a Million Dollars' Worth of Holiday Goods.

All new, all desirable, gathered with lavish hand from every part of the globe. Many months of patient toil on the part of our expert buyers were required to assemble this gigantic and unprecedented stock. All the goods were purchased for spot cash—in many instances the entire production of mills and factories were secured—all this means that the prices paid were the very lowest possible and that

We Will Sell All Goods at a Saving to You of 25 to 50 p.c.

This must be welcome news, indeed, to all, at this time of the year, when everyone wants to see their dollars do double duty.

OUR TOYLAND IS HAPPY LAND UNCONFINED

A Sea of Gurgling Glee, with Ecstasy on Tap

Old Santa's realm of the Wonderland, the Marvelous, the Mystical, the Awe-inspiring, is on our 3rd floor. Our representatives in Europe months ago clambered over mountains, through dells, traveled and tramped until they reached the innermost secret workshops of jolly old Kris Kringle, and persuaded him to bring his best to the ever-increasing hosts of children that call Lindsay's "their own store." We want to impress upon you most emphatically

The Advisability of Making Early Morn'g Visits.

And also that it is to your decided advantage to come now, when stocks are at their fullest, when the bright bloom of crispness and freshness is prevalent. Don't delay.

SAVED IN TIME.

Thirteen of Stranded Lightship Crew Got Off As the Boat Sunk

New Bedford, Mass., Dec. 12—Persistent blowing by hand for 24 weary hours and wireless telegraphy that brought help at last, saved the lives yesterday of the 13 men on board the Nantuxet south shore relief lightship, No. 58, but the vessel went down a few minutes after the crew had tumbled over the side into their lifeboat. For six hours Monday the lightship tender Azalea, which had answered the call for help, lay alongside the waterlogged lightship, unable to render assistance, owing to the fearful sea. At length the weather moderated, and then an effort was made to tow the lightship to New Bedford. But after 18 miles had been covered, the water, which had been com-

DECEASED FOOTBALL EVILS.

San Francisco, Dec. 12—The faculty athletic committee of the Stanford university and the University of California met in this city yesterday and adopted a resolution decrying the evils of the present system of football playing in America. It recommended that the Rugby game be introduced as a substitute in the same resolution, this committee recommended that intercollegiate football contests shall no longer be held under the direction of the present rules committee which sits in the east each year.

NEW YORK MAYORALTY.

New York, Dec. 12—Counsel for Wm. R. Hearst, who is contesting the mayoralty election, obtained an order today from Supreme Court Justice Storer to show cause why the election inspectors in 114 districts should not convene and re-canvass the votes cast therein for mayor, comptroller and president of the board of aldermen.

MRS. LONGWORTH

Will Be New Name of Miss Alice Roosevelt Next Spring.

New York, Dec. 12—The Herald today is authority for the following, which appears in a Washington despatch:—The engagement of the president's eldest daughter, Miss Alice Roosevelt, and Representative Nicholas Long-

worth, of Cincinnati, has been frequently reported on the strength merely of rumor, in society circles at the national capital and it has been as frequently denied authoritatively. Now, however, matters stand somewhat differently as between the couple and society, for they have become engaged and the formal announcement will be made by Mrs. Roosevelt within a few days at the White house.

The wedding day has not as yet been actually set, but it has been determined upon so far as that Miss Roosevelt's wedding shall be early in the spring—possibly before the water is really over.

There have been many rumors as to her engagement to Longworth, and these were strengthened owing to her recent trip to the far east, both she and Mr. Longworth being members of Secretary Taft's party. Continually during their journey there were rumors that they would be married, rumors which were always met with a prompt denial. Representative Longworth is 38 years old and since his graduation from Harvard in 1891, has been more or less prominent in the social, political and financial life of Cincinnati. His family has been specially prominent in Cincinnati for many years. Besides having a fortune left him by relatives he has been successful in many oil, coal and other interests in the south. Mr. Longworth went to congress in 1904.

DULL CHRISTMAS COUNTY COUNCIL.

For York County Loan Shareholders.

THEIR PROSPECTS POOR

Mr. Gamey Says Inspection of Loan and Building Societies Has Been Farcical.

Toronto, Dec. 11—The condition of the York County loan continues to agitate the minds of many people who looked forward to extra money for Christmas, but whose prospects now are decidedly poor for anything but a small margin of their account.

R. R. Gamey, who last session secured an amendment to the act respecting loan and building societies whereby the attorney-general may investigate on application of interested parties and a statement regarding the condition of affairs, replied: "The supervising and inspection of kind of institutions in the province of Ontario has for years been a hollow farce. If there had been a proper man in the department and there had been a faithful application of duty in protecting the interests of the people who have money in these concerns, such a condition affecting so many people in this province would not have occurred. I regard it as very unfortunate that some better means is not taken to safeguard the interests of the people by a thorough inspection. There are concerns in this city today that are no better than the York County loan, and if a proper inspection and supervision were made a company would not with very little working capital be putting one million dollars in a railway which is strictly against the charter I may add, in closing, that Mr. Hunter, solicitor, who was until recently an official of the York County loan, is a son of Dr. Hunter, head of the department that is supposed to look after all kinds of matters and see that no fictitious reports are given."

The many rumors affecting the York County loan company have had the effect of causing Hon. J. J. Foy, attorney-general, to summon Mr. J. M. J. Phillips, manager of the company. It is understood the attorney-general laid before Mr. Phillips unconfirmed reports of alleged mismanagement affecting company funds. Hon. Mr. Foy has demanded an explanation.

WARDEN'S ADDRESS.

Great Deal of Bridge Building Carried Out. Final Session of the Year.

Carleton county council opened its December session yesterday afternoon with the warden, all the councillors and Secretary Macnab present. Warden J. C. Bradley, in a well worded business-like speech opened the session with an address in which he gave an excellent summary of the work of the council during the past year. He began with an account of the work of building the Waba creek bridge in which Carleton county had taken its share. The lowest tender of \$2,819, he said, had been accepted and this with other necessary expenses had brought the total up to \$3,233.32 of which Carleton County had to pay half or \$1,626.76. The bridge had been subjected to a close inspection by the joint committee appointed for purpose and had been taken over from the contractor. The warden then went on to an account of the rebuilding of Hurdman's bridge over the Rideau. For that the lowest tender of \$19,000 was accepted. Five concrete arches and six piers had been completed. These were very solid and had been reinforced by about \$4,000 worth of steel. He also gave a satisfactory account of repairs to Richmond bridge, Ashton boundary bridge and Manotick bridge. The work of the fall and building committee had consisted of some repainting and the re-roofing of the jail. These items had been satisfactorily attended to. The report of the relief committee showed that there were eight persons from Carleton county in the house of refuge at Perth, five men and three women. Ten had been sent up during the year but one had died and another had left.

THE WIDTH OF SLEIGHS.

The petition of council to the Ontario legislature to compel the widening of sleighs had been met by the passing of a law that the speaker considered did not sufficiently well deal with conditions. The act, he said, made the desired 4-foot width compulsory in all sleighs manufactured after December, 1906. The speaker considered that the word manufactured should be struck out. He thought also that allowing counties the privilege of exempting themselves from the act was highly objectionable as it tended to prevent travel between the counties. It would be better if the 4-foot width law were made compulsory in all Eastern Ontario. The warden stated that he had received intimations from surrounding counties that they would co-operate with Carleton in petitioning the legislature for bringing about the proposed amendments to the act.

CONTRACTOR LOST MONEY.

The speech of the warden was clear and to the point and was well received. He followed by presenting the request of Mr. Hervey, who built the Waba creek bridge, that he be allowed to make a statement regarding expenditure. He said that Mr. Hervey complained that he had lost \$500 on the work. Council voted to hear the contractor and Mr. Hervey made a statement. He said that the greatest outlay was in getting a foundation for the bridge. The former foundation had been slabs and dirt and to remove these men had to go in the water up to their waists to pick the slabs out one by one. It had been difficult to keep men in this work and they had to be paid high wages. This was an unforeseen expenditure that had increased the cost and he hoped that the council would consider favorably his application for a consideration in the matter.

Secretary Macnab read the communications to be dealt with and by a motion they were referred to their respective committees. Among the petitions were one from North Gower and one from Carp asking that those villages respectively be made into police villages.

Bambrick, Winifred and Basil Bambrick, Mr. and Mrs. William Goulden and Mr. and Mrs. James Johnson.

TRAMPS BECOMING EXTINCT.

Ontario is pretty clear of tramps at the present time, according to Inspector Day, of the Grand Trunk railway detective service. Mr. Day states that the action of the magistrates throughout the province in sending down all bachelors brought before them has practically cleared the province of tramps of the vicious kind.
